Large Building Plot / Land in Central Portugal: 57,000 Euros

Here is an opportunity to build your own home in the heart of the Central Portugal countryside within large grounds and with fantastic views of the nearby mountains. With 6,000 square metres of land there is a great scope for the type of house you want to live in, maybe a traditional farmhouse style, with all modern features, a family house, a ranch-style bungalow or even a log cabin.

This prime building land comes with already established grounds, containing many types of fruit trees including cherry, plum, apple, oranges and, of course, no land in Portugal would be complete without its grapes. The granite stone walls of the terraces are a local characteristic of the area and there are many granite stone houses and classic red-tiled cottages nearby which give this location a wonderful rural charm which somehow combines a feeling of peacefulness with a light and open space. The gently sloping land provides an unobstructed and unspoilt view beneath your feet which carries on into the nearby mountains.

There are a great many shops cafes and restaurants nearby in the town of Oliveira do Hospital and the location is within only a short drive of the Serra de Estrela national park.

The area also provides very good links to Coimbra and the seaside towns and the main north-south motorway routes to Porto and Lisbon airports. There is also very easy access to the ferry ports of northern Spain.

This plot of land covers an area of 6,000 square metres (just over 1.48 acres) and has good access. Mains water and electricity supplies are already provided. There is ample space to build a house, a swimming pool or tennis court and still have space left over for gardens and growing land.

Portugal for Life (Portugal 4 Life Lda.) will be happy to arrange a viewing and also recommend local architects and builders and provide you with any help you may want in looking into the details of making a new start, how to buy a property in Portugal, or building a home. All our contact details can be found on the “Contact Us” page and you can also send us a quick message and from the website without the bother of setting up your email.
